

Seilfederzüge Balancers

Neu
New

Komplette Seilfederzug-Serie: Tragleistung von 0,4 - 180 kg, Hublängen bis zu 3m. Mühelos, zeitsparend, produktivitätssteigernd, geringer Verschleiss der Seile und Seilführungen.

Verhindern Schäden an Personen und Werkzeugen. Diese Seilfederzüge dienen für kleine Werkzeuge sowie für Hängepunktschweisszangen und Schraubenschneidmaschinen.

Sonderausführungen auf Anfrage.

A complete range of balancers; capacities from 0,4 to 180 kg, available stroke up to 3 m.

To eliminate labour, to cut down idle times, to improve the work quality to reduce hoses and cables wear, to avoid damages to both people and tools.

For either bench or assembly line jobs, applications ranging from small tools to industrial guns and multiple screw drivers.

Special execution on demand.

Ausser den Eigenschaften der vorhergehenden Serie haben diese Federzüge eine Vorrichtung, durch die die Last auf einfache Weise in beliebiger Höhe blockiert werden kann.

In addition to the features of the former range, the new balancers are equipped with a new device enabling to stop the stroke by carrying out a simple operation on the load.
